

Power Lock Ultimate Protection - Polymer Sealing Blend -

Product Description

Menzerna Power Lock Ultimate Protection (PLUP) is the long-lasting polymer coating sealant for all automotive clear coats. PLUP effectively seals the coating surface for long-lasting preservation. Protects against damaging environmental influences while maintaining a brilliant deep gloss.

General information: Product Group: Protection Application: Detailing Service life: up to 6 Month Storage: 15-25°C, avoid frost and direct sunlight Colour: Green Volumes: 250 ml: 22070.281.001 1 L: 22070.261.001	Chemical information: Density: 1,0 kg/l Viscosity: 4-10 Pas	
	Technical information: Polishing tool: Wax Foam Pad Rotational speed: Orbital: min. rotational speed	

Recommended Usage

1. Clean the glossy surface with Menzerna Control Cleaner prior to sealing.
2. Shake the bottle prior to use and apply a small quantity of the product onto the polishing pad (a pea-sized drop is sufficient for an area measuring approx. 80 x 80 cm).
3. Apply the long-lasting sealant with the Wax Foam Pad.
4. Use an orbital polisher (minimum rotational speed) and use the cross-coating method. Alternatively, you can apply the wax by hand with a microfiber cloth.
5. Following application: leave the sealant to dry for 25 to 30 minutes and remove any residual polish with the Premium Microfiber cloth, without applying any pressure. Leave the sealant to harden in a protected area for at least 3 hours.
6. Optionally, you can reapply PLUP after 4 hours for a longer-lasting sealing effect.
